

**DELHI JAL BOARD :GOVT. OF NCT OF DELHI  
OFFICE OF THE CHIEF VIGILANCE OFFICER  
VARUNALAYA PHASE-II : KAROL BAGH :NEW DELHI**

No.CVO/DJB/2009/ 39 to 42

Dated 15.7.09

**ADVISORY**

DJB is in receipt of various references wherein allegations have been leveled that consultants are being appointed in a routine manner without bothering about the financial implications. It has also been alleged that some consultancy firms are being run by Ex-DJB officials or persons related to DJB official and despite the presence of a large number of experienced technical officials at the disposal of DJB, consultants are being appointed.

In this context attention is invited to the fact that consultancy work should only be awarded when either new technology is proposed to be used or the work being awarded is of a specialized nature not yet executed by DJB or where DJB engineers do not have knowledge/understanding of the issue/technology. In projects where a consultant is engaged, the project should invariably be a "Build" one and not a "design-build" as it is expected that the consultant would have provided the design in his consultancy report.

The advise/design/evaluation reports submitted by the consultants should be examined and evaluated by the respective

engineering officers of DJB before proposal is submitted for Administrative Approval/Award of work.

Engineering Department is thus, advised to take a note of the above advisory and as and when any consultancy work is proposed to be awarded, same should be examined and processed at an appropriately high level and the decision making in this regard should not be allowed to be left at the level of junior functionaries
