| 4. | Brief History of the case | As per section 70 of the Delhi Water Board Act, 1998 the Board has to maintain proper accounts and prepare annual statement of accounts (profit and loss accounts, Balance sheet etc.) in Performa as may be prescribed by the Government in consultation with the Comptroller and Auditor General (CAG) of India. Previously the Delhi Jal Board was maintaining the accounts in single entry system. Delhi Jal Board switched over to double entry system of accounting from its conventional accounting of single entry system with effect from the financial year 2003-04 and prepared in the format approved by CAG. The work started in 2008-09. After the audit of accounts by CAG, a copy of the audit report along with DJB accounts is sent to Government to place before the Legislative Assembly. The accounts of DJB up to 2017-18 have been audited and has already been sent to GNCTD for placing it before the Legislative Assembly. The Accounts of the Board are audited annually by the CAG as per S. 19 (3) of CAG Act 1971. |
| 5. | Present Status            | The Accounts are prepared one by one for the next year after taking into consideration the duly audited figures of the previous year and observations of CAG. Accordingly                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

**DELHI JAL BOARD**

Delhi Jal Board's (DJB) decision to convert its financial accounting system from Cash based system of accounting to Accrual based Double entry system was implemented w.e.f. 1.4.2003. Due to limitation of Cash based system of Accounting (i.e. the method of accounting adopted by DJB till the year 2002-03) details of assets and liabilities available for the maintenance of the Accrual Based Double Entry System Accounts were deficient/inadequate, therefore the reliance was given to the valuation report of an expert outside agency, record available with the divisions and other information available. For the maintenance of Accrual Based Double Entry System of Accounts for the years 2003-2004 onwards methodology and assumptions adopted for the preparation of accounts are as follows:-

**Fixed Assets**

- i) Till the year 2002-03 the accounts were maintained on cash based system of accounting and maintenance of Fixed Assets record and their accounting was not in existence. Fixed Assets as on 1.4.2003 were account for on the basis of report of an out side agency which comprises of Civil, Electrical, Mechanical, Public Health Engineers and Govt. Approved Valuers who on the basis of record available, physical verification of assets and after assessing the condition, state of maintenance and operation and life/residual life of the assets has ascertained the depreciated value of the assets.
- ii) Majority of the assets are the ownership of DJB, however fixed assets includes assets transferred by MCD free of cost to erstwhile DWS & SDU (now DJB) till 1957. Since this being an old matter and the complete detail of the same are not available assets amounting to Rs. 45.96 lacs are accounted for on the basis valuation of an expert outside agency.
- iii) Capitalization of assets constructed/completed during the year is based on completion certificate issued by the engineers/competent authority of respective divisions.
- iv) Cost of assets capitalized during the year is exclusive of borrowing cost and unallocated indirect cost.
- v) Assets have been categorized in the following groups :-
