

MESSAGE

The need of a compendium of DJB circulars having departmental guidelines & instructional orders on various matters has been long desired, especially in view of departmental action getting initiated against DJB employees due to their ignorance or simply due to the fact that they do not have access to such circulars, being old and not readily available. This pains me as a disciplinary/ appellate authority.

It is heartening to note that the Vigilance Department of DJB has taken a step in this direction by compiling circulars/ instructional orders of various departments of DJB in a single compendium. This Compendium of DJB circulars will definitely serve as a useful reference document. I personally compliment the CVO and his staff for their dedicated efforts to bring out this Compendium.
