For favour of publication:

Dated: 21.01.2026

PRESS NOTE

Due to regular receipt of **high pollutants (Ammonia- NH₃ more than 3.0 ppm)** in **River Yamuna at Wazirabad pond**, the water production has been affected approx. 25-50% at Water Treatment Plant of Wazirabad & Chandrawal WTP. Therefore, water supply will be available at low pressure till the situation improves.

The areas likely to be affected are **Majnu Ka Tila, ISBT, GPO, NDMC area, ITO, Hans Bhawan, LNJP Hospital, Defence Colony, CGO complex, Rajghat, WHO, IP Emergency, Ramleela Ground, Delhi Gate, Subhash Park, Gulabi Bagh, Timar Pur, SFS Flats, Punjabi Bagh, Azadpur, Shalimar Bagh, Wazirpur, Lawrence Road, Model Town, Jahangirpuri Moolchand, South Extn., Greater Kailash, Burari and adjoining areas, Parts of Cantonment areas and South Delhi and other area which are on command of Wazirabad WTP.**

Command areas of Chandrawal WTP: NDMC, Karol Bagh, Jhandewalan, Hindu Rao, Civil Lines, Patel Nagar, Rajendra Nagar, Shadipur etc.

Therefore, public is advised to make judicious use of water and water tankers shall be available on demand from DJB help line:

Central Control Room - 1916

Inconvenience caused to the public is regretted.
