The Raw water source of 110 MGD Bhagirathi WTP and 140 MGD Sonia Vihar WTP is Upper Ganga Canal Muradnagar, UP. Due to scheduled annual maintenance across Upper Ganga Canal by UP Irrigation department w.e.f 12<sup>th</sup> October 2024 to 31<sup>st</sup> October 2024, the UGC was closed from Haridwar on 12<sup>th</sup> October 2024 Midnight. During this closure period, UP Irrigation department and UP Jal Nigam carries out repair and maintenance of Barrages, Regulators, Desilting of various online storages, setting tanks at Muradnagar and conduits repair work.
