MEMORANDUM

Sub: Negligence in maintaining Clear Water Level at Phase-I 40 MGD, Wazirabad

It has been observed from the water production records of A Shift on 25.06.2026 that the clear water level at Phase-I 40 MGD, Wazirabad remained below the minimum 10 ft required for adequate pumping. The recorded levels were 8.2 ft at 05:00 AM, 8.1 ft at 06:00 AM, and 7.4 ft at 07:00 AM.

The continuous decline in the clear water level indicates negligence in the discharge of your duties, which is viewed seriously.

You are hereby directed to submit a written explanation for this deficiency within 3 days positively. Failing to provide a satisfactory reply within stipulated time, matter will be referred to the competent authority for disciplinary action as per rules.
