DELHI JAL BOARD: GOVT. OF NCT OF DELHI
VARUNALAYA PHASE-II : KAROL BAGH
NEW DELHI-110005

No. F-1(2)/M(Dr)/2015/ 370 — 374

Dated: 29.07.2015

INSTRUCTIONAL ORDER

It has been observed that sample checking of the treated effluent at some of the STPs is not being done regularly. All concerned are directed to ensure compliance of following guidelines for daily checking of samples of treated effluent at all the STPs.

1. Minimum two samples will be collected for checking of the treated effluent on daily basis preferably during the peak flow conditions in the morning and evening.
2. Composite sampling will be done at each STP on fortnightly basis. Composite sampling implies that hourly samples shall be collected in a day and mixed effluent of 24 samples shall be sent for testing.
3. Those STPs where O&M activities have been outsourced, random checking shall be done by the staff of DTQC minimum twice a week.
4. Fortnightly report of the test results shall be submitted by DTQC to this office with copy endorsed to CEs(Dr)Proj-I/II & CE(SDW) regularly.
- 6) ✓ 5. Repeated failure of samples of the treated effluent will be specifically pointed out by DTQC to concerned officers to sensitize and in case improvement is not reflected in the subsequent checking of samples, officers concerned shall be held directly responsible for inefficient functioning of the plant.
6. Director(T&QC) shall maintain regular liaison with CPCB/DPCC for joint sampling to check quality parameters of the treated effluent at all the plants.
7. It is observed that at Vasant Kunj, random sampling is being done by the staff of Treatment & Quality Control. Director(T&QC) & SE(SDW)IV are directed to ensure that samples of treated effluent particularly at Vasant Kunj are tested on daily basis. It will be the combined responsibility of both the officers for lifting of samples and getting them tested.

Above instructions be circulated among all cadres to ensure strict compliance.
