NO: M(WS)/DJB/05/B -3/- 920704 227 DATED 18-7-05

INSTRUCTIONAL ORDER

Chief Technical Examiner during the intensive examination of "Procurement of Alumina ferric Grade-II" has observed that "Conditional discounts for coverage within a shorter period for early inspection/payment s etc., are not to be considered for evaluation of tenders". Further conditional discount for early placement of order etc. are also not to be considered for evaluation. Henceforth, although there is a clause to the effect that conditional tenders are liable for rejection, the following clause shall be incorporated in the NIT for procurement of Alumina Ferric Grade-II:-

"The conditional discounts offered by the bidders for coverage within a shorter period, early inspection/payments early placement of order shall not be considered and such tenders will be rejected".

The above clause should invariably be incorporated in the tender documents by the concerned DDO in future. Please note that non-compliance will be viewed seriously from vigilance angle.

All Chief Engineers.
