**OFFICE OF THE DIRECTOR (FINANCE & ACCOUNTS)**  
**KAROL BAGH: NEW DELHI**

No.DJB/ Dir (F&A)/2012/

67898

Dated: 22-6-2012

Subject:- Issue of 'C' Form

Delhi Jal Board is registered with Delhi VAT Authority for purpose of issuance of C forms. Delhi Jal Board is involved in water treatment and sewerage treatment activities which comes under the definitions of manufacturing and DJB is authorized to purchase items against Form 'C', against items as per list enclosed. The list of items was drawn quite sometime back and needs to be revised keeping in view our current demand / use of items. It has thus been necessitated that the list should be reviewed and the items which have become obsolete should be deleted from the list and new items should be added. It is to the benefit of DJB to purchase most of items against C forms as this helps reduce project cost and tender should accordingly provide for the same. Items can accordingly be incorporated in the list so that DJB will get the maximum benefits of tax concessions.

All the Chief Engineers are therefore requested to kindly send the list of items which are to be deleted/included in the list.

It is also suggested that wherever possible the use of generic nomenclature be made, such as 'pipes used in water/sewer works' can be used as a generic category to include different type of pipes like CI, DI, HDPE, MS etc.

The report should be sent with in 7 days positively.
