DATED: 23.10.08

### INSTRUCTIONAL ORDER

It was observed during execution/checking of various works that the estimates has not been prepared as per ground realities/requirement. Before preparation of estimates, no site surveys are carried out and no fixed reference mark has been indicated on the copy of plan attached. To curb the above practice, few steps are required to be initiated by the CE/SE.

Therefore, it is proposed to check at least 5% of the estimate at random by CEs and 10% by the SEs which are not technically sanctioned by them. The checking will be exercised of the every Division/Circle under their control. The report for their checking should be exercised in the endorsed format and report send to the M(W.S) and copy to CVO..
