OFFICE OF THE CHIEF PROJECT DIRECTOR (ISP)  
ROOM NO-112, VARUNALAYA PHASE-I,  
KAROL BAGH, NEW DELHI.-110005**

NO. DJB/CPD (ISP)/2011/ 236

Dated 13/7/11

**CIRCULAR**

During the meeting held under the chairmanship of Member (Dr/Ws) on 21.06.2011, it was deliberated that only few divisions are making provisions in the tender documents for 10 (ten) years defect liability period in sewerage projects, for which an indemnity bond is furnished by the agency while executing the contract agreement for the work. The executing agency is then liable to remove all defects observed during the 10 years defect liability period at their cost.

It is therefore circulated that for sewerage projects defect liability period of 10 (ten) years after recorded date of completion and commissioning of the works whichever is later, shall be incorporated in future tenders and subsequently an indemnity/guarantee bond will be executed, while entering into the agreement for the works. This circular will be applicable in all future sewerage projects where tenders are yet to be invited.
