No. DJB/Jt.Dir.(R)HQ/11/ - 9151

Dated: 16-8-2011.

INSTRUCTIONAL ORDER

It has been observed that the files relating to notification of sewerage / water development charge are sometimes received late at the Revenue Headquarter. The Public Accounts Committee has expressed serious concern regarding such abnormal delays in processing cases of development charges.

All concerned are hereby directed to ensure that the works relating to operationalisation of the sewerage system in a colony, such as, survey of plots, desilting of sewer lines, setting up of booster pumping stations, transmission of the sewage to the STP through the conveyor system etc. are taken up along with sewer lines work related to a colony. It will be ensured by all concerned within 30 days of completion of work of laying of sewer lines in a particular area that the file is sent to the Revenue Headquarter for issuance of notification. Any delay of more than 30 days will need to be accompanied by an explanation on file of the concerned EE as duly verified and commented upon by the concerned SE / CE. Unwarranted delays would be seriously viewed and personal responsibility may be fixed in specific cases.
