INSTRUCTIONAL ORDER

With a view to conserve electricity and curtail electricity bill, it has been decided to install Light Emitting Diode (LED) bulbs in all existing installations in place of Fluorescent/CFL/Incandescent Lamps as well as those installation which are proposed to be constructed in future.

Accordingly, all concerned are directed to explore the possibility of procuring and installing electricity efficient gadgets offered by various manufacturing firms at reasonable rates in the market for all present and future installations of Delhi Jal Board.

Similarly, the possibility of installing water efficient fixtures in toilets/bathrooms in all installations of DJB may also be explored. Also the employees residing in staff colonies may also be motivated to install water efficient fixtures in their quarters to save water.

This order does not mean changing of all existing fixtures but should be done only in case of need for replacement of existing fixtures.
