No.F- 15 /DJB/M(WS)/2014/ 2220

Dated: 18.07.2014

INSTRUCTIONS

During Intensive Examination of a DJB work by the CTE/CVC, Commission has made the observation that 'for higher value tenders, where supply of DI/MS/CI pipes constitute major portion of the work, in the market survey rates the firms should be asked to quote the basic rates of pig iron/steel plates along with their quoted rates of finished products. Since the estimate for the work is prepared, based on market survey rates/DSR, the same should also be reflected in the pre-bid meeting for escalation/de-escalation purposes.'

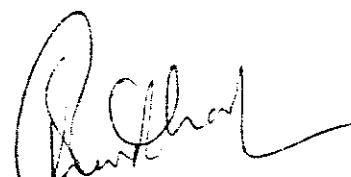

All the divisions are directed to take note of the above observations of the commission and comply with them for all the running as well as future water projects.
