**INSTRUCTIONAL ORDER**

In continuation to the earlier instructional order dt. 13-06-2014, the following directions are reiterated for strict compliance and to incorporate them in bid documents of various civil works being undertaken by all divisions in all the contracts:

- (i) All the sign boards, names, advertisements, any kind of boards or signage's, electric wires and high tension cables or otherwise shall be removed from the trees forthwith.
- (ii) It shall be ensured that any concrete within one metre of the trees are removed forthwith and all the trees are looked after well and due precaution is taken in future so that no concrete or construction or repairing work is done at least within one metre radius of the trunk of trees;
- (iii) In case trees are encountered close to the alignments earmarked for laying of pipelines, the contractor shall take necessary precautions to protect the roots of the trees and work at site be carried out with utmost caution in close coordination with the officers of the Forest department. It will be more appropriate if an assessment of site situation is made by taking into consideration the minimum width of the trench required for laying of the pipeline and if it is felt that trees existing on the alignment require felling, permission for the same must be obtained from the concerned authority before taking up the work along that stretch of the alignment;
- (iv) Every prohibitive measures shall be taken to prevent the defacing of the trees in any manner whatsoever, save only its trimming in accordance with law;
- (v) No display boards or markers shall be fixed on the trees. Any violation shall make the concerned liable for prosecution by the authorities in accordance with the relevant law;
