

DELHI JAL BOARD
OFFICE OF THE DIRECTOR (REVENUE)
ROOM NO. 512 VARUNALAYA PHASE-II, KAROL BAGH,
NEW DELHI

No. DJB/DOR/2014/ 12916

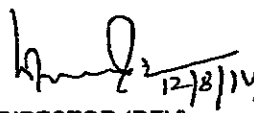

Dated 14.9.2014

Sub: Providing assistance to the Engineering Wing in identification of unauthorized water connections – regarding.

In the Sr. Officers meeting held today i.e. 11.9.2014 the issue of identification of unauthorized water connections and taking action for regularization of the same was discussed. It was pointed out by some of the Chief Engineers that the exercise of detection of unauthorized water connections can only be successful, if the custodian of the water lines i.e Engineering Wing and the field data of sanctioned water connections i.e. Revenue Wing carry out joint operation whereby detection of such unauthorized water connections would become more easy.

It has, therefore, been decided that wherever, this kind of exercise is being launched, the area Jt. Director (Rev)/Dy. Director(Rev) will ensure that the concerned ZRO provides the information about the sanctioned water connections in the area so that detection of the unauthorized water connections by the joint team becomes more easy. Any violation in connection with non co-operation will be viewed seriously. All Jt. Directors (Rev)/Dy. Directors (Rev) are further advised to hold meetings in this regard with area SE/EE (Maintenance) every fifteen days to resolve any bottleneck in this regard so that the exercise for regularization of un-authorized water connections is taken up in the right earnest. The nos. of water connections regularized under this special drive by the Engineering Wing and Revenue Wing will also be communicated to the Jt. Director (Rev) HQ for every fortnight by the concerned Jt. Director (Rev)/Dy. Director (Rev).

All Jt. Directors (Rev)/SEs (Water) Maintenance
All Dy. Directors (Rev)/EEs (Water) Maintenance
All ZROs
