NO.DJB/EE(C) DR-XV/2012/_____

DATED:-_____

Expressions of Interest

Delhi Jal Board is constructing 23 MLD sewage treatment plant at Kapeshera. The plant is based on Sequential Batch Reactor (SBR) technology. To make odorless during its process, DJB intends to install Deodorizer at this plant. The waste water should not be visible from adjoining / surrounding areas. The process of the plant shall be aesthetic in appearance, with natural eco-friendly environment. The Expressions of Interest are therefore invited from national/ international reputed firms/ agencies who have experience of installation of such units anywhere in India/ Abroad. The firms/ agencies shall submit in duplicate in sealed cover with detail technology, which shall include area required for installation, power consumption, operational and maintenance cost with tentative cost in a separate seal cover along with satisfactory performance certificate of minimum last 5 years from its employer/client, latest by 22-05-2012 upto 3.00 p.m. at the above address. The firm/agency shall give an undertaking that they have not been debarred / black listed during the last 5 years and there is no legal case pending against them in India / Abroad. The operation and maintenance of the units shall be for 10 year and can be mutually extended further. Agencies are advised to visit the site in consultation with the undersigned at the cost. The document will be opened on the same day at 3.30 p.m. in the presence of the authorized representatives of the firm/ agency.
