Name of Colony	Remedial Action	New Water Line / Inter Connection proposed	New Tube Well to be commissioned	Rationalization of water by Valve Regulation	New UGR Commissioned/ to be commissioned since summer 2025	Timeline
Kishangarh Village,	The distribution system is already so stressed with regulations of 150 valves daily to provide water for 60 to 90 minutes to households on 2 to 6 days gap basis. New Tubewells and rebores are to be installed before the summer season to cater the demand of water supply. Supply to Kishangarh secondary ugr has been curtailed. Levels are not proper since last 4 months even during peak winter season	Interconnection work of the LOP in Mehrauli and Kishangarh	At least 10 tubewells are to be installed and commissioned in Mehrauli Constituency by 30.04.26	This system is already in practice to rationalize the existing available water to cover optimum population through piped networks.	NO	By the end of April 2026, at least 10 additional tubewells will be installed and commissioned in Mehrauli Constituency. A justified assessment of water demand catered and additional requirement of tubewells/tankers could be made only after their installation on the ground and the yield they provide.
