DELHI JAL BOARD: GOVT OF NCT OF DELHI
VARUNALAYA PHASE-I, KAROL BAGH, NEW DELHI**

No. DJB/EE(PLG)Col./2025/ 182-191

Date: 21-07-2025

Subject: General Conditions of Contract (Technical & Financial Eligibility criteria).

Kindly refer to corrigendum No.DJB/Member (Finance)/EE(C)DR-II/2015-16/39242-39455 dated 10.04.2015 on the subject **"Revision of general conditions of contract-reg"** issued by Member(Finance). The Board in its 172nd meeting vides Resolution No. 1436 under Item No. T.460, has approved the proposal for amendments in the General Conditions of Contract (GCC) of the following clauses.

S. No.	Existing reference of Clause	Existing	Approved by the Board
1.	Financial eligibility criteria P/11	Average annual financial turnover on construction works should be at least 30% of the Estimated Cost during the immediate last three consecutive financial years.	Average annual financial turnover on construction works should be at least 30% of the Estimated Cost put to tender during the immediate last three consecutive financial years. The value of annual turnover figures shall be brought to current value by enhancing the actual turnover figures at a simple rate of 7% per annum.
2.	1.2 (ii) Financial Eligibility criteria	The solvency amount should be equal to 40% of the estimated cost of the work or more. And Net worth of the bidder should be positive on or before the date of bidding	The Bankers Certificate from a Commercial Bank amount should be equal to 40% or more of the estimated cost put to tender. OR A Net-worth Certificate of minimum 10% of the estimated cost put to tender issued by certified Chartered Accountant with Unique Document Identification Number (UDIN).
3.	Technical Eligibility criteria	1) For construction of head works/intake. The bidder should have experience of work contract, Including testing & commissioning successfully in the last 10 years as on date of Publication of NIT as under : a) One similar completed & commissioned work of aggregate cost not less than the amount equal to 60% of the estimated cost put to tender or	1) For construction of head works/intake. The bidder should have experience of work contract, including testing & commissioning successfully i.e. such work contracts awarded and commissioned successfully during the last seven years ending last day of month previous to the one in which tenders are invited are as under: a) One similar completed & commissioned work of aggregate cost not less than the amount equal to

		more OR b) Two similar completed & commissioned works of each costing not less than the amount equal to 40% of the estimated cost put to tender OR c) Three similar completed & commissioned works of each costing not less than the amount equal to 30% of the estimated cost put to tender. <u>2) In case of Construction of WTP/WWTP</u> The bidder should have experience of construction/testing/ commissioning of WTP or WWTP in the last ten years as on the date of publication of NIT as under: (a) one work of minimum 60% capacity (MLD) commissioned OR b) Two works of minimum 40% capacity each (MLD) commissioned OR (c) Three works of minimum 30% capacity (MLD) commissioned each <u>3) In case of Construction of BPS/SPS</u> The bidder should have experience of construction/testing/ commissioning of WTP or WWTP or BPS or SPS in the last ten years as on the date of publication of NIT as under: (a) one work of minimum 60% capacity (MLD) commissioned OR (b) Two works of minimum 40% capacity each (MLD) commissioned OR (c) Three works of minimum 30% capacity each	80% of the estimated cost put to tender or more OR b) Two similar completed & commissioned works of each costing not less than the amount equal to 60% of the estimated cost put to tender OR c) Three similar completed & commissioned works of each costing not less than the amount equal to 40% of the estimated cost put to tender. The value of executed work(s) shall be brought to the current costing level by enhancing the actual value of work at a simple rate of 7% per annum; calculated from the date of completion of work to the previous day of the last day of submission of tenders. <u>2.(I) In case of Construction of WTP</u> The bidder should have experience of construction/testing/ commissioning of WTP i.e. such work contracts awarded and commissioned successfully during the last seven years ending last day of month previous to the one in which tenders are invited are as under: (a) one work of minimum 80% capacity (MLD) commissioned OR b) Two works of minimum 60% capacity each (MLD) commissioned OR (c) Three works of minimum 40% capacity (MLD) commissioned each <u>2.(II) In case of Construction of WWTP/STP</u> The bidder should have experience of construction/testing/ commissioning of WWTP or STP i.e. such work contracts awarded and commissioned successfully during the last seven years ending last day of month previous to the one in which tenders are invited are as under:
--	--	---	---

		(MLD)commissioned	(a)one work of minimum 80% capacity (MLD)commissioned OR (b) Two works of minimum 60% capacity each (MLD) commissioned OR (c) Three works of minimum 40% capacity (MLD)commissioned each 3) <u>In case of Construction of BPS/SPS</u> The bidder should have experience of construction/testing/ commissioning of WTP or WWTP or BPS or SPS i.e. such work contracts awarded and commissioned successfully during the last seven years ending last day of month previous to the one in which tenders are invited are as under: (a)one work of minimum 80% capacity(MLD)commissioned OR (b) Two works of minimum 60% capacity each (MLD) commissioned. OR (c) Three works of minimum 40% capacity each (MLD)commissioned
4.		4) <u>For laying of pipelines</u> GENERAL CONDITIONS The bidder is required to have experience of such works either in water or sewerage sector as under: a) One completed commissioned work & of pipeline laying of cost not less than the amount equal to 60% of the estimated cost put to tender or more OR b) Two completed commissioned works & of pipeline laying of each costing not less than the amount equal to 40% of the estimated cost put to tender OR c) Three completed & commissioned works of pipeline laying of each costing not less than the amount equal	4) <u>For laying of pipelines</u> GENERAL CONDITIONS The bidder is required to have experience of such works either in water or sewerage sector i.e. such work contracts awarded and commissioned successfully during the last seven years ending last day of month previous to the one in which tenders are invited are as under: a) One completed commissioned work & of pipeline laying of cost not less than the amount equal to 80% of the estimated cost put to tender or more OR b) Two completed commissioned works & of pipeline laying of each costing not less than the amount equal to 60% of the estimated cost put to tender OR c) Three completed & commissioned

		to 30% of the estimated cost put to tender PARTICULAR CONDITIONS The bidder is required to have experience of such works similar to the proposed work as applicable in water or sewerage sector as under: 2/3rd size of maximum diameter mentioned in BOQ in a minimum length of 500 meter	works of pipeline laying of each costing not less than the amount equal to 40% of the estimated cost put to tender The value of executed work(s) shall be brought to the current costing level by enhancing the actual value of work at a simple rate of 7% per annum; calculated from the date of completion of work to the previous day of the last day of submission of tenders.
5.		5) Only trenchless /micro tunneling work The bidder is required to have experience of such works either In water or sewerage sector of laying of pipeline by trenchless method as under: a) One work completed & commissioned of minimum 60% length or more OR b) Two works completed & commissioned of minimum 40% length each or more OR c) Three works completed & commissioned of minimum 30% length each or more Particular Experience: The agency should have completed one work of pipe of 2/3d of maximum dia in proposed scope of work in a length at least for 500 meters through trenchless technology. 6) Works comprising of open cut and trenchless micro tunneling works <u>GENERAL CONDITIONS</u> The bidder is required to have experience of such works either In water or sewerage sector as under: a) One completed & commissioned work of pipeline laying of cost	5) Only trenchless /micro tunneling work The bidder is required to have experience of such works either in water or sewerage sector of laying of pipeline by trenchless method i.e. such work contracts awarded and commissioned successfully during the last seven years ending last day of month previous to the one in which tenders are invited are as under: a) One work completed & commissioned of minimum 80% length or more OR b) Two works completed & commissioned of minimum 60% length each or more OR c) Three works completed & commissioned of minimum 40% length each or more 6) Works comprising of open cut and trenchless/ micro tunneling works <u>GENERAL CONDITIONS</u> The bidder is required to have experience of such works either In water or sewerage sector i.e. such work contracts awarded and commissioned successfully during the last seven years ending last day of month previous to the one in which tenders are invited are as under: a) One completed & commissioned work of pipeline laying of cost not less than the amount equal to 80% of the estimated cost put to tender or more

		not less than the amount equal to 60% of the estimated cost put to tender or more OR b) Two completed & works of commissioned pipeline laying of each costing not less than the amount equal to 40% of the estimated cost put to tender OR c) Three completed & commissioned works of pipeline laying of each costing not less than the amount equal to 30% of the estimated cost put to tender PARTICULAR CONDITIONS The bidder is required to have experience of such works either in water or sewerage sector as under (as applicable): 2/3RD size of maximum diameter in BOQ for trenchless work in single shot of at least 60 meter length.	OR b) Two completed & commissioned works of pipeline laying of each costing not less than the amount equal to 60% of the estimated cost put to tender OR c) Three completed & commissioned works of pipeline laying of each costing not less than the amount equal 40% of the estimated cost put to tender The value of executed work(s) shall be brought to the current costing level by enhancing the actual value of work at a simple rate of 7% per annum; calculated from the date of completion of work to the previous day of the last day of submission of tenders.
6.		Sewer rehabilitation/ Deep sewer work/ Peripheral/Trunk sewer: GENERAL CONDITIONS a) One commissioned completed & work of sewer rehabilitation of cost not less than the amount equal to 60% of the estimated cost put to tender or more. OR b) Two completed commissioned works & of sewer rehabilitation of each costing not less than the amount equal to 40% of the estimated cost put to tender OR c) Three completed & commissioned works of sewer rehabilitation of each costing not less than the amount equal to 30% of the estimated cost put to tender.	Sewer rehabilitation/ Deep sewer work/ Peripheral/Trunk sewer: GENERAL CONDITIONS The bidder is required to have experience of such works either Sewer rehabilitation/ Deep sewer work/ Peripheral/Trunk sewer i.e. such work contracts awarded and commissioned successfully during the last seven years ending last day of month previous to the one in which tenders are invited are as under: a) One commissioned completed & work of sewer rehabilitation of cost not less than the amount equal to 80% of the estimated cost put to tender or more. OR b) Two completed commissioned works & of sewer rehabilitation of each costing not less than the amount equal to 60% of the estimated cost put to tender

		PARTICULAR CONDITIONS	OR
		1. Experience of successfully completing at least 1(one contract of SEWER NETWORK system with minimum diameter and length as D and L sin single work where, D-2/3 rd diameter of maximum pipe diameter (in mm) as proposed in the bid. L- 40% of proposed length of maximum diameter as specified in the bid II. Deep sewer length should be 40% of length as per proposed deep sewer length in the bid.	c) Three completed & commissioned works of sewer rehabilitation of each costing not less than the amount equal to 40% of the estimated cost put to tender. The value of executed work(s) shall be brought to the current costing level by enhancing the actual value of work at a simple rate of 7% per annum; calculated from the date of completion of work to the previous day of the last day of submission of tenders.
9.	Defect Liability period	For civil works, the defect liability period is one year and for E&M works, defect liability period is two years.	For pipe network works related to both water and sewerage with an expected project cost greater than ₹3 crore, the defect liability period is 05 years and for all other works, the defect liability period is 02 year.
11.	GCC Clause 14.2 Escalation Clause for DBO Contracts	Not applicable for the works of WTPS/WWTP/SPS/GR&BPS. Base material price for escalation of DWC/HDPE pipes will be introduced.	Price Variation Clause 14.2 of the General Conditions of Contract (GCC), currently applicable in DJB, provides for variations in the cost of labour, materials, POL, etc. Base material price has been introduced for DWC/HDPE pipes, as provisions of raw materials for cement, steel, M.S. Plate, Pig Iron, Alum/PAC, etc. was already included in GCC.
